STATE OF GEORGIA

VS

STANDING ORDER REGARDING THE USE OF ARTIFICIAL INTELLIGENCE  
AND CERTIFICATION OF CITATIONS IN BRIEFS AND PROPOSED ORDERS IN  
THE BLUE RIDGE JUDICIAL CIRCUIT

This Standing Order governs the use of artificial intelligence ("AI") tools in the preparation of all briefs, proposed orders, and other written submissions filed in this Court's criminal and civil dockets, and it applies to all attorneys and to all parties proceeding without counsel (self-represented litigant):

Certification:

Any attorney or self-represented litigant who uses AI in any capacity to prepare, draft or review a filing shall disclose such use in the document with the following certification:

*This document was generated with assistance of [identify AI tool(s) used, e.g. Chat GPT, Perplexity, Claude, etc.].*

*I hereby certify under penalty of perjury that, despite reliance on an AI tool, I have independently reviewed this document to confirm accuracy, legitimacy and use of good and applicable law.*

*I hereby certify under penalty of perjury that every citation to law, case, statute or the record in this document has been verified as accurate and that it exists as cited and for the proposition cited.*

The above certification must appear at the end of the document, before the signature block.

Compliance

Failure to comply with this Order may result in the Court taking appropriate action, including without limitation striking the filing, imposing sanctions, disciplinary referral, and/or the imposition of attorney fees pursuant to O.C.G.A. 9-15-14.

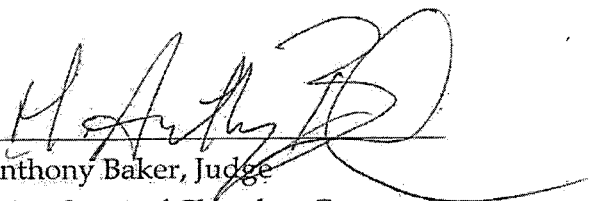

Mistake, lack of technical expertise, or time constraints will not be accepted as good faith excuses for noncompliance.

The use of AI does not relieve any attorney or self-represented litigant of their ethical obligations and/or professional obligations (such as Georgia Rules of Professional Conduct 1.1 and 3.1).

This Order is effective immediately and applies to all filings submitted after date of entry.

SO ORDERED on August 21, 2024.
